

מלל לסרטון של שיעור מספר-15

This is a squirrel. He is eager to find his next exciting job at the fast moving high-tech world. Actually he is desperate to find a job. He goes through countless job listings and then tries to understand the endless lists of demands. Now squirrel needs to rework his cv. And rework it again. And well, maybe add a last touch to it. Now he waits and has no idea what's really going on. But no more! Well squirrel meets ICV. It's a new app that helps you find a job in the high-tech world. Just a few easy steps and you're on your way! Our squirrel will be able to see if his skill set really matches the job requirements. Track what really happens to his application, getting notifications for every step all the way to the job interview. Any squirrel can find a job through a cellphone anytime, anywhere! Really, anywhere! Download ICV now. We match your skills!
